REVIEW OF TRADE.

R. G. Dun & Company's Weekly Report.

COMMERCIAL FAILURES.

Comparison Made With Previous Years. Highly Important Comparisons of Prices This Week Show About September 3 the Lowest Range Ever Known For Wholesale Prices of All Commodities.

NEW YORK, Oct. 5.—R. G. Dun & Company's weekly review of trade says: Commercial failures in the third quarter of 1895 were 2,792, with liabilities of \$32,167,179, averaging \$11,521 per firm, against \$10,028 last year, about 15 per cent more. The rate of commercial mortality—2.38 failures in a quarter for every 1,000 firms in business—is lower than last year, and the proportion of defaulted liabilities to the solvent business represented by payments through clearinghouse is but 2.40 per \$1,000, against 2.77 last year. The defuncted liabilities per firm in business averages was \$20.92, against \$20.85 last year. The defuncted liabilities of the manufacturing class average \$20.85, against \$19,703 in the same quarter last year; in trading, \$8,577, against \$8,443 last year, and the banking failures not included above have been 31, with average liabilities of \$114,000, against \$110,036 last year. In the third quarter, when failures are usually low, the average liabilities in prosperous years falls below \$10,000; the number below two in 1,000 firms, the defuncted liabilities below \$2 per \$1,000 exchanges, and below \$25 per firm in business. Thus the analysis indicates a condition approaching, but not yet reaching, one of general prosperity.

Highly important comparisons of prices this week show about Sept. 3 the lowest range ever known for wholesale prices of all commodities, notwithstanding advances since March of 20 per cent in cotton goods, 40 per cent in boots and shoes and 63 per cent in iron and steel products, while in woolen goods there has been scarcely any advance, and in all food products taken together a fall of 17 per cent. Comparisons show a fall in food products of 23.2 per cent in the five years since October, 1890; in woolen goods 22.5 per cent, in iron products 16.4 per cent, and in cotton goods 12.5 per cent, while boots and shoes are a little higher, and in leather and hides much higher, than five years ago.

The cotton market has mounted above 9 cents and holds in spite of realizing, but as the crop is late and quite largely held back, does yet feel the influence of the receipts natural at this date. Reports of injury and low estimates of yield have impressed all minds while few remember the stocks brought over. Receipts are growing but for the month have been 275,000 bales less than last year. Wheat is a shade weaker, while western receipts have been 6,550,494 bushels, against 4,437,104 last year, while Atlantic exports have been only 1,038,179 bushels, against 2,791,489 last year. Corn is but little lower, though beginning to move quite largely.

The Pennsylvania has ordered 40,000 tons of steel rails and other roads 85,000, but the steel makers having bought their pig, Bessemer is lower and also gray forge, and the demand for finished products is decidedly smaller, so that the average of iron prices turns downward for the first time since February. Coke workers gain 6 per cent more wages and coke is raised to 33 per cent. Wool speculation continues with enormous transactions, 10,960,200 pounds for the week and for the month 35,636,170 pounds, of which 19,165,700 were domestic, against 37,283,400 in 1892, of which 26,197,800 were domestic, but the average of 104 quotations is 1 cent lower than a month ago. The manufacturer is doing well in dress goods and many specialties, but has lost a large share of the business in men's woolens, and wool is 1 per cent higher and goods 2 per cent lower than a year ago.

Failures in three days have been 207 in the United States, against 219 last year, and 41 in Canada, against 40 last year.

LATEST FROM HAVANA.

Censorship Dispatches Sent Out by the Spanish Government.

HAVANA, Oct. 5.—A column of troops, numbering 300 men, commanded by Colonel Segura, has had a brush with the insurgents at Camp Arroyo Blanco. Two insurgents were killed, one of them being Major Gabino Vasquez, whose body has been identified. In an antecedent fight near Camajero, province of Puerto Principe, the insurgent leader, Paco Recco, was killed.

It is officially reported that in the engagement between the insurgents and Spanish troops at Las Varas, near Sancti Spiritus, the insurgents lost 40 killed and 186 wounded. Among the latter was Serafin Sanchez, who led the insurgents. Confirmation has been received here of the death of Rafael Arce, who was wounded in an engagement with the troops about one month ago.

Food Adulteration.

LIMA, Oct. 5.—A sensation has been created by the arrest of a couple of dozen of business men for selling alleged adulterated articles. Druggists, saloons, dairies and groceries were visited. All pleaded guilty and were fined \$20 and costs. The food deputies are working throughout this part of the state and have cases at Sidney, St. Mary's, Toledo and Wapakoneta.

NORWEGIAN AUTHOR DEAD.
Rheumatism of the Heart Carries Away
a Colombian Professor.

NEW YORK, Oct. 5.—Professor Hjalmar Hjorth Boyessan of Columbia college, the noted Norwegian author, died yesterday of rheumatism of the heart after an illness of but a few days.

Professor Boyessan was born in Norway in 1848 in Fredericksvaer. He graduated from the University of Christiania in 1868. When he came to this country in 1869, he went to Chicago, where he became editor of the Scandinavian paper Fremada. Five years after coming to America he published his first novel "Gunnar," which was an immediate success. In 1874, after two years of European travel, he took the professorship of German at Cornell. In 1881 he was appointed instructor in German at Columbia college, and in 1883 he was appointed to the Gebhard professorship of German and literature. The chair of Germanic languages and literature was created for him in 1890.

Among the writings of Professor Boyessan were "The Story of Norway," "Lives of Goethe and Schiller," "Tales of Two Hemispheres," "The Mammon of Unrighteousness," "Ilka the Hilltop," "Falconberg," "A Daughter of the Philistines," "Essays of German Literature" and "Queen Titania."

He had a high reputation as a lecturer, as well as a novelist and essayist, and among his friends numbered such men as Victor Hugo and Tourgueneff. He leaves a widow and two children.

Collective Action Against Brazil.

Buenos Ayres, Oct. 5.—A Rio Janeiro dispatch to El Diario says that England, France and Italy have decided upon collective action with a view to securing satisfaction of their respective claims upon Brazil. The claims of France grew out of the disputed territory of Amapa, lying between Brazil and French Guiana. Italy's claims are for reparation on account of damages suffered by Italian subjects during the revolution in Brazil. The Italian minister withdrew from Rio last summer, leaving the legation in charge of an attaché, to mark the strained relations between the two countries. England's claims probably relate to the island of Trinidad, which she seeks to obtain as a cable station.

Shot Himself.

LEXINGTON, Ky., Oct. 5.—The dead body of James H. Barnett, formerly a well-to-do butcher of this city, was found in the back door of the grocery and saloon of Oaks & Tate on North Limestone street, at 9 a.m. yesterday. He had shot himself immediately over the right eye, death having been instantaneous. He was 52, and leaves a wife and two children. He was the son of Joseph Barnett of Mercer county, and has several brothers who are well-known merchants of Harrodsburg. He left no message telling why he committed the deed, but as he has lost heavily in business it is believed he took his life through despondency.

Tait in Court.

NEW YORK, Oct. 5.—John R. Tait, who defrauded the Chemical National bank, of which he was paying teller, out of \$17,000, was yesterday arraigned before United States Commissioner Shields and released on \$3,000 bail. Tait has spent seven months in the government insane asylum at Washington on the certificate of several specialists that he was of unsound mind, but a few days ago the asylum authorities declared that his reason was unimpaired, so he was brought back to stand trial.

Vessels Lost.

ST. JOHNS, N. F., Oct. 5.—Three vessels, one French and two English, have been lost on the south coast of the island and five men were drowned. More seizures of smuggled goods were made yesterday, and the customs authorities expect to reap a harvest from the vessels returning from the wreck of the Mariposa with the goods saved from her. The shortage in revenues is exciting much comment, and further financial trouble is expected.

Bonuses on Sugar.

BERLIN, Oct. 5.—The National Zeitung says that international negotiations with the view to bring about a reduction in and the ultimate abolition of the export premiums on sugar paid by some countries still continue, and that it is hoped they will lead to some positive result since the countries concerned, especially France, are interested, in view of the financial situation in obtaining the abolition of these payments.

My Fight in Mexico.

SAN ANTONIO, Tex., Oct. 5.—The gentleman who secured a concession from the state of Tamaulipas to have a prize fight and bull fighting tournament in Neiva Laredo, have sent a Mexican gentleman who is related to President Diaz to the capital to secure immunity from interference. Dan Stuart has agreed to wait three days until this gentleman can secure an audience with the president.

Fire in Philadelphia.

PHILADELPHIA, Oct. 5.—The 2-story brick, sash and door factory of Rufus Thomas & Company, corner of Nineteenth street and Washington avenue, was completely destroyed by fire yesterday, causing a loss of about \$100,000, which is covered by insurance. The bottling establishment of the Continental Brewing company and a number of small houses were damaged to the extent of about \$65,000.

LIMA, Oct. 5.—At a meeting of the board of education last night it was decided to take steps to prevent the use of tobacco and cigarettes by the pupils of the public schools.

DURANT IS DOOMED.

But Little Hope For the Medical Student.

SUDDEN LULL IN THE DEFENSE.

They Have Introduced All of the Evidence That They Have to Refute the Mass of Testimony Piled Up by the People—Another Day's Developments in the Celebrated Murder Trial.

SAN FRANCISCO, Oct. 5.—If the manner in which the attorneys for the defense in the trial of Theodore Durant are handling their case is any indication of the strength of their position the prosecution believes the developments of yesterday leave little doubt of the prisoner's conviction. To the surprise of everybody, the defense yesterday afternoon began the calling of witnesses to show the previous good character of the young Sunday school superintendent.

By the prosecution this step is interpreted to mean that the defense had introduced all of the evidence it has to refute the mass of testimony piled up by the people. If this be true the verdict of the jury is a foregone conclusion. Not only has the defense failed to establish an alibi for Durant, but it has actually strengthened the case against the prisoner.

Miss Cunningham, the newspaper reporter, who was threatened with imprisonment because she would not answer a question propounded to her by the defense, was called to the stand again to give her an opportunity to answer the question. She refused to divulge the source of her information with regard to the nature of Mrs. Leake's testimony, but instead of sending her to prison the court took the matter under advisement until next Tuesday. In a similar case the supreme court of California sustained the position of a newspaper reporter, and the court is in doubt of its power in the premises.

Rev. J. George Gibson, pastor of the Emmanuel church, was called by the defense for the purpose of identifying specimens of his handwriting. The witness refused positively to identify any of the specimens handed to him. He said the writing looked like his own, but as the document had not been in his possession for some time, if at all, he could not possibly identify the writing. At the request of Attorney Duprey, Mr. Gibson printed the name and address of Mrs. T. G. Noble, Blanche Lamont's aunt. He also wrote several specimens of the district attorney's name, which were introduced in evidence.

The writing of Rev. Gibson will play an important part in the future proceedings, as Attorney Duprey announced in his opening statement that he would prove that Mr. Gibson directed the wrapper in which Blanche Lamont's rings were returned to Mrs. Noble.

The defense summoned ex-Congressman Henley and several other witnesses to show the bad reputation of King Pyatt, who was 80 years old, known as "the original Jersey peach grower," caught fire. The flames ate their way to the upper stories before the family was aware of the fire, cutting off all escape. Mrs. Mary Hires, a lodger, staggered out of her bed and aroused Mr. Pyatt. He tried to descend a stairway, but was overcome by smoke and fell to the hall below, which was a mass of flames.

The remaining inmates of the house groped their way to a window and sprang to the ground. Mr. Hires' left leg was broken and she was injured internally. Futile attempts were made by the farmhands to save Mr. Pyatt's life. In a few moments the residence was in ruins. Two outbuildings and their contents were destroyed. The loss is estimated at \$8,500, partially covered by insurance.

Found Without Seeking.

UNIONTOWNS, Pa., Oct. 5.—While J. R. Vinkick was hunting along Redstone creek, in Redstone county, yesterday, his heel dug into a clay bank on the farm of B. W. Craft and scraped the earth from a rotten old box, which, on examination, was found to contain several thousand dollars' worth of Spanish, Italian and United States silver coins, ranging in date from 1788 to 1817. How they came there is a mystery.

AT HOMESTEAD.

Two Thousand Iron Workers Demand Shorter Hours.

PITTSBURG, Oct. 5.—The strike of the bridge and structural iron workers on the Fifth avenue and Haught street bridge, Homestead, and at the new furnaces being built by the Carnegie Steel company at Duquesne, as a part of a general movement made by the bridge and structural iron workers' union in Pittsburgh and vicinity, is a great surprise to bridge and structural contractors.

About 2,000 workmen have laid down their tools and others are expected to quit. The men are asking for a nine-hour work day at the pay for 10 hours—\$2.50—which they have been receiving. They also demand time and a half for overtime, and double time for work done on Sundays and legal holidays. Some contractors have already conceded the demand, and it is believed the duration of the strike will be brief.

Chicago Securities.

CHICAGO, Oct. 5.—At a conference yesterday afternoon between leading bankers and City Comptroller Wetherell, the former practically agreed to take \$1,500,000 worth of the city tax warrants which were recently refused by New York banking houses. It is said that the warrants are to be taken at their face value without concessions of any kind being made on the part of the city officials.

LAND OFFICE AFFAIRS.
Annual Report of the Commissioner and His Recommendations.

WASHINGTON, Oct. 5.—S. W. Lamoreaux, commissioner of the general land office, has made his annual report to the secretary of the interior. The decline of land office business, as noted in the last report, still continues. Compared with 1894, there has been a decrease in the entries of 19,085, and of 6,018,685 acres entered; a decrease of final entries to the number of 6,584 and 356,059 acres entered, and a decrease of cash receipts of \$734,370. The business of the office for the fiscal year ended June 30, 1895, was as follows: Cash sales, 417,878 acres; homestead entries, 6,009,491; state selections, 626,169 acres; railroad selections, 1,637,473 acres; swamp land patents, 244,774 acres; Indian allotments, 85,455 acres; Indian lands sold, 42,548 acres; total cash receipts, \$2,033,454; patented or certified, with the effect of patenting to railroad companies, 5,184,335 acres; surveys accepted by the land office, 10,123,658 acres.

The total area of vacant public land in the United States, in acres, is as follows:

Surveyed, 313,837,583, unsurveyed, 285,245,607.

The land office has examined and has in process of adjustment 22 land grants to railroads. Discussing the act of the last congress granting lands to states for irrigation purposes, Mr. Lamoreaux says he believes that necessity will arise in the near future for the creation of a national commission, whose function it shall be to regulate the distribution of these waters which have their source in a super-adjacent state, and which have heretofore been used in common by the people of that and the sub-adjacent states.

The commissioner closes his report with the following recommendations: A law to compel the attendance of witnesses at land offices in contest cases; an appropriation of \$60,000 annually for making examinations necessary for the establishment of forest reservations, and for the protection of reservations already existing; an appropriation for six attorneys to supervise and direct the proceedings of special agents operating in as many different districts as to be designated; legislation for the protection and disposal of public timber; placing the surveying of public lands surveys under the geological survey; legislation creating the office of surveyor general of Alaska; the establishment of a district land office for Alaska, with a register and receiver having the same duties as like officers in the other states and territories; and that appropriations for survey be made continuous; and legislation for the appointment of a board of examiners of surveys, instead of having examinations under the present system.

RESIDENCE BURNED.

A Man Burned to Death and a Woman Seriously Injured.

FLEMINGTON, N. J., Oct. 5.—One man was burned to death and one woman seriously injured at Groton yesterday. The handsome residence of King Pyatt, who was 80 years old, known as "the original Jersey peach grower," caught fire. The flames ate their way to the upper stories before the family was aware of the fire, cutting off all escape. Mrs. Mary Hires, a lodger, staggered out of her bed and aroused Mr. Pyatt. He tried to descend a stairway, but was overcome by smoke and fell to the hall below, which was a mass of flames.

The remaining inmates of the house groped their way to a window and sprang to the ground. The safe was then blown open and \$2,500 of the Dominion Express company's funds stolen. The operator was so badly injured that he is unable to give a coherent account of the affair.

Desperate Robbery.

TORRINGTON, Ont., Oct. 5.—At Myrtle, a small town a few miles from here, a desperate robbery was yesterday committed in the Canadian Pacific railway station. Unknown robbers sandbagged the night operator, rendering him insensible. The safe was then blown open and \$2,500 of the Dominion Express company's funds stolen.

The operator was so badly injured that he is unable to give a coherent account of the affair.

Shot to Death by a Mob.

CHATTANOOGA, Oct. 5.—Neal Smith, a negro con artist who recently outraged a young white lady at Cole City, Ga., after beating her into insensibility, was last night taken from the prison guards by a mob from Tennessee and Alabama and shot to death. Great excitement prevails, and even the guard who had charge of the convict, allowing him to go about as a trusty, was roughly handled. No further trouble is expected.

After the Dogn.

ST. LOUIS, Oct. 5.—The friends of Mary E. Babel, 11 years old, of Springfield, Mo., are trying to establish her claim to a quarter interest in her grandfather's estate in France. She has already secured one-fourth of \$27,000 left in trust with the New York Life Insurance Trust company and will secure \$30,000 more from the estate in France if her suit is successful.

MASSILLON, O., Oct. 5.—The explosion of dynamite in a new air shaft immediately over mine No. 8, in which Thomas Davis was working at Sherrodsville, resulted in a pile of debris that caused his death and injured two other men.

No newspaper in the State denounced the "fake" business more strongly than the Louisville Post did a few months ago. But the Post has degenerated greatly and is now filling its columns with fakes of the rankest sort. Read what some gentlemen of Cynthiana have to say elsewhere.

The Republicans and anti-Hardin gang have resorted to disreputable methods to defeat the Democratic State ticket. Their scheme is to publish fake interviews naming prominent Democrats who will not support General Hardin. The scheme has been exposed, however, and a number of the false statements corrected.

The Hon. W. G. Welsh, of Stanford, doesn't mince words in speaking of the Louisville crowd who are fighting the Democratic State ticket. He says:

"It is my judgment that a Democrat who refuses to vote at all tamely surrenders his highest civic privilege, and that a Democrat who votes against Hardin distinctly sacrifices his principle to gratify his spleen."

The Louisville Truth ought to change its name. The Louisville Liar would be very appropriate. It asserted some days ago that a prominent Democratic State official had received \$9,000 dividend from the Mason-Foard Company, lessees of the penitentiary, and intimated that the check could be produced. The company named not only denied that any sum of any kind was ever paid by it to any State official, but published an offer of \$1,000 cash to any individual who would produce such a check. No one has ever called for the \$1,000. The thousand dollars is not only still unclaimed for, but the grand jury at Frankfort has investigated the matter and failed to find any truth in the charge. There is a disreputable gang at Louisville trying mighty hard to create the impression that the State officials are pretty near all thieves, but they are not succeeding very well.

FORCED TO ADMIT IT.

Republicans Can no Longer Dodge the Wave of Prosperity.

WASHINGTON, Oct. 3.—(Special).—Ex-Congressman Mabury, of Michigan, is in the city for a few days. He said to a party of friends this evening that the people in the West were enjoying an exceptional era of prosperity, and that every indication pointed to a continuance of it. The prosperity, he said, has come to stay, and Republican politicians are forced to admit it. It will certainly redound to the good of the Democratic party. Another thing, said Mr. Mabury, the prosperity wave has rather knocked out the free-silver advocates.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the Spring, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malaria poison. Headache, Indigestion, Constipation, Dizziness, yield to Electric Bitters. Only fifty cents per bottle at J. James Wood's drug store.

SENATOR LINDSAY.

One of Kentucky's Ablest Men to Speak at the Court House To-Night.

The Hon. William Lindsay, of Frankfort, United States Senator and one of Kentucky's ablest men, will speak at the Court House, Maysville, to-night, at 7:30 o'clock.

The people of this city and surrounding country are cordially invited to hear him discuss the issues of the day. Democrats are urged to turn out. Special invitation to the ladies; seats will be reserved for them.

EX-GOVERNOR MCCREARY ON NEXT COURT DAY.

Hon. James B. McCreary, ex-Governor and member of Congress, will speak at the court house, Maysville, next County Court Day, Monday, October 14th, at 2 p.m. Governor McCreary is one of the most popular Democrats in Kentucky, and ranks among the leading men in Congress. The people of this section are cordially invited to hear him. Democrats are urged to turn out.

GENERAL HARDIN COMING.

General P. W. Hardin, Democratic nominee for Governor, will speak at the court house Wednesday night, October 23rd, at 7:30 o'clock. He is one of the most eloquent of Kentucky's many gifted sons, and all should hear him.

The Great Transylvania.

What the Brooklyn Handicap is to the running turf the great Transylvania Stake is to the trotting turf, the classic all-aged event of the year, and never in its history has so large or so well matched a field been named as that named last Saturday for the race to be trotted at Lexington Oct. 10. There are nineteen nominations that come from all sections—from Massachusetts to California—with records as follows: Bouncer 2:12, Lady Robert 2:13, Baron Dillon 2:12, Lynne Bel 2:13, Adra Belle 2:13, Baron Rogers 2:11, Lady Wilton 2:13, Daily Wilkes 2:11, Queeny 2:11, Cephas 2:11, Oscar William 2:12, Renssalaer Wilkes 2:11, Piletta 2:12, The Conqueror 2:15, Alto 2:10, James L. 2:11, Iron Bar 2:12, Norther 2:13, Anthania 2:11. As large a field of first-class race horses has seldom, if ever, been gotten together. The railroads will run excursions at one fare for round trip and there ought to be a great crowd at such a race.

Cheap Rates.

All the railroads running into Lexington, in fact all the principal lines in Kentucky, have decided on a rate of one fare for round trip from October 7 to 18, inclusive, on account of the great trotting meeting of the Kentucky T. H. B. Association, Lexington, October 8th to 18th, good returning until October 21st. As the \$25,000 Futurity and the Tennessee Stakes are set for opening day; the great pacing race (Robert J., John R. Gentry, Joe Patchen, etc., for second day and the best Transylvania ever carded for third day, the railroads will carry big crowds. Certainly no trotting of equal importance was ever held. List of entries on application to Ed. A. Tipton, Secy., Lexington, Ky.

The Great Pacing Race.

Robert J., Joe Patchen, John R. Gentry are amongst the entries in the great free-for-all pacing race at Lexington, Wednesday, October 9th. So far Robert J. has defeated Joe Patchen and John R. Gentry twice each. Patchen has beaten Robert J. twice and Gentry twice, and Gentry has beaten Joe Patchen twice, and this race will be the rub.

KENTUCKY SYNOD.

It Will Meet at the Central Presbyterian Church Next Tuesday.

List of the Delegates and By Whom They Will Be Entertained During Their Stay.

The Southern Presbyterian Synod of Kentucky will convene in this city next Tuesday evening at 7:30 o'clock.

It has been twenty-three years since this body met in Maysville. In that time the growth of the church has been most remarkable, and to-day the membership numbers over 20,000. The Central Presbyterian Church, in which the body will hold its sessions, has kept pace with this growth and is to-day one of the prosperous churches of our city, having a membership of over 300.

The opening sermon will be preached by the Rev. Dr. Glass, of Somerset. The sessions are open to the public and all are cordially invited to be present.

The following list shows the names of delegates so far heard from and by whom they will be entertained during their stay in Maysville:

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

DON'T MISS IT.

That Game of Ball Next Monday With the Reds—The Last of the Season.

The game of ball next Monday afternoon at the local park promises to draw one of the largest crowds seen on the grounds this season. The Cincinnati have been downed twice this year by the Maysvilles and have one victory to their credit. They will try hard for next Monday's game so as to break even with our boys, but with such a strong team as the local management has secured the Reds will be given one of the hottest fights of the season.

Tannehill will do the twirling. His fine work in the box was largely instrumental in Richmond winning the pennant in the Virginia League this year. He was ably assisted, however, in that team by Knorr, Berte and McGowan. These three played with the Maysvilles in the closing game a year ago with the Clevelands, that resulted in a score of 3-2. It is hardly necessary to speak of the excellent work of Cox, Wadsworth, Sutherland and Heilman. They have demonstrated this year that they are all fast enough for league company.

Turn out next Monday and see this last and greatest game of the season.

WRAPS!

Our stock of Winter Wraps are now ready for inspection. They have been selected with great care. In fit, finish and material, are unsurpassed in the country. In this department we have always lead, and propose to do so again this season. We are showing many beautiful styles in Jackets and Capes that are confined to us in this market.

Black Dress Goods are in greater demand than ever. We have prepared for it and are showing all weaves and designs.

BOOTS and SHOES

We take the back seat for nobody. Our prices and goods tell the tale. We invite competition, for up-to-date we have failed to find any. We are not selling out, but have come to stay, and will build up our trade by giving you good, honest goods, of our own production, at such ridiculous low prices that you cannot help but buy of us. We want your business, and to get it we will sell you for the next ten days to come everything you are needing in BOOTS, SHOES and RUBBERS at actual manufacturer's cost. Remember we still have a large stock of Miner's goods on hand and are selling out these goods at your own price.

Come and see us, and don't forget the place, the corner store---Miner's old stand.

Progress Shoe Store!

ALL those knowing themselves indebted to us will confer a favor by settling their accounts at once. Our books must be closed.

Are you taking SIMMONS LIVER REGULATOR, the "KING OF LIVER MEDICINES?" That is what our readers want, and nothing but that. It is the same old friend to which the old folks pinned their faith and were never disappointed. But another good recommendation for it is, that it is BETTER THAN PILLS, never gripes, never weakens, but works in such an easy and natural way, just like nature itself, that relief comes quick and sure, and one feels new all over. It never fails. Everybody needs take a liver remedy, and everyone should take only Simmons Liver Regulator.

Be sure you get it. The Red Z is on the wrapper. J. H. Zellin & Co., Philadelphia.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all drugists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co., only whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

COUNTERFEITERS CAUGHT.

Agents of the Government Secret Service made a haul.

NEW YORK, Oct. 5.—Another big haul of counterfeiters have been made by the agents of the government secret service. Six Italians were arraigned before United States Commissioner Alexander yesterday afternoon charged with having sold and having in their possession a number of counterfeit standard silver dollars and obligations of the United States in the form of silver certificates of the denominations of \$5 of the issue of 1886, with the Grant head on, and signed by W. S. Rosecrans, register of the treasury, and E. H. Nebeker, treasurer of the United States. The prisoners are Angelo Posteri, Joseph Carlise, Charles Carlise, Joseph Costello, Sarto Lazaro and Salvatore Macchione.

They were arrested at different times on Thursday. Most of them were on Stanton street at a barbershop, which seems to have been their rendezvous. For months the Italian and Hebrew quarters of the city have been flooded with spurious coin, and Detective George R. Bagg of the secret service, with four others, were detailed to trace the counterfeiters to the responsible parties. An accomplice, Angelo Posteri, was finally induced to turn state's evidence.

The prisoners were secretly kept in custody until late in the afternoon, though some of them had been more than 24 hours in custody before arraignment, as the law requires that prisoners shall be arraigned that time after their arrest.

The counterfeit coins and bills are of excellent workmanship. The bills are of the same make as the ones which were circulated in this city in 1893.

The officers recovered \$150 in counterfeit coin \$75 in \$5 bills, and a quantity of plaster paris, metal and other material used in making spurious coin. The seizure was made in the barbershop of the two Carlises, who are supposed to be the wholesale dealers who sold the bad money to trusted agents for some 35 to 40 cents on the dollar and the latter passed it on trades people.

Lazaro, Macchione and Costello were each held in \$4,000 bail, and Posteri and Charles and Joseph Carlise in \$5,000 bail each for examination Oct. 19.

Cruisers Ordered to Cuba.

MADRID, Oct. 5.—The unarmored cruisers Alfonso XII and Marques Ensenada have been ordered to proceed to Cuba immediately. The Alfonso is a steel ship of 3,090 tons and 4,800 horsepower, carrying six 16-centimeter guns, 10 smaller guns and is provided with five torpedo tubes. The Marques Ensenada also is a steel ship, with a partially protected deck, tonnage 1,030 tons, horsepower 1,600, carries four 12-centimeter guns and nine smaller guns. The speed of the Alfonso is 17 1/2 knots and of the Ensenada 15 knots.

Struck by a Passenger Train.

OTTAWA, Ills., Oct. 5.—Corridon Phelps, for many years the leading stock buyer and shipper of this city, and Henry J. Rigden, a painter, were struck by a passenger train on the Chicago, Rock Island and Pacific railroad here and instantly killed. John Heiser, who lived close to the scene of the accident, was sick and sat at his window overlooking the track. He was found dead by his wife a few moments later, death evidently having been produced by the shock of witnessing the accident.

Will Enter Hanian's Crew.

TORONTO, Oct. 5.—A special to The Mail and Empire from Winnipeg says: Hackett, the Rat Portage oarsman, has decided to go to Toronto to enter Hanian's crew as fourth man. The crew will be Hanian, Durnan, Hackett and Peterson. They leave for Ausia next Monday.
